ACORN SCIENTIFIC

CAMBRIDGE CO-PROCESSOR
INSTRUCTION SHEET

IMPORTANT – Read this Instruction Sheet before unpacking the rest of the carton

CONTENTS

The Cambridge Co-Processor is packaged in two cartons:
– Hardware plus some Publications
– Panos Systems Software plus remaining Publications

For contents of the software package, see the instruction sheet therein.

This hardware package contains:
– Cambridge Co-Processor
– DNFS ROM
– ADFS/32 ROM
– Cambridge Co-Processor User Guide
– Cambridge Co-Processor Keyboard Card Booklet
– Disc 7 – Panos Welcome
– Guarantee Card
– User Registration Card
– Instruction Sheet – this document

Please contact your supplier immediately if any of these are missing.
Please also contact Acorn Scientific directly should the User Registration
Card be missing (see the User Guide for full address).

INSTRUCTIONS

The User Guide in this package contains full details on installation of both
hardware and software. You should read the relevant sections before
attempting to use the equipment. The User Guide also contains information
on what to do in case of difficulty.
