- Terms and Conditions Relating to the Use of Software
- Release Notice (Panos)
- Fault Report Form – for use as a master
- Instruction Sheet – this document

Please contact your supplier immediately if any of these are missing.

TERMS FOR USE

Your attention is drawn to the enclosed licence agreement entitled "Terms and Conditions relating to the Use of Software". You should read this document before proceeding.

INSTRUCTIONS

The User Guide packaged with the hardware contains full details on installation of both hardware and software. You should read the relevant sections before attempting to use the equipment. The User Guide also contains information on what to do in case of difficulty.

The Release Notice contains details of the exact contents of the discs, with current version numbers for software, plus issue numbers for all publications. It also contains a description of known errors in both software and publications. It should be read in conjunction with the other publications.
